

## WELCOME

**BLOOR HOMES**

Thank you for visiting our virtual public exhibition, displaying our draft proposals for development at land north of Salisbury Road.

Bloor Homes and the Barker-Mill Estates are working together to bring forward proposals to develop the site – which forms part of the wider North Totton Strategic Allocation (SS1) within the New Forest District Local Plan (Part 1) – with up to 300 new homes, a range of new public open spaces, and new vehicular access from Salisbury Road.

Land north of Salisbury Road is an approximately 17.5-hectare site consisting of agricultural land located west of Hill Street and north of the A36 (Salisbury Road).

This virtual exhibition has been arranged to provide you with an opportunity to review our draft plans for the site and seek your feedback on the proposals prior to the submission of an Outline planning application to New Forest District Council. **As this virtual consultation will support an Outline application, it relates to the principle of development and the accesses proposed. Detailed matters such as design and layout will be considered through subsequent Reserved Matters applications at a later date, when further consultation will take place on these details.**

**Please provide your feedback by the 24th July 2020** by either completing the feedback form available on our project website – [landnorthofsalisburyroad.consultationonline.co.uk/have-your-say/](https://landnorthofsalisburyroad.consultationonline.co.uk/have-your-say/), or emailing your comments to [feedback@consultation-online.co.uk](mailto:feedback@consultation-online.co.uk).

**We look forward to receiving your comments.**
